

## LOOKING FOR A GIRL

Johann arrived at the concert when the waltz was starting and the first measures of the Blue Danube flooded the air with a magic music.

Johann was very sad because he was in the New Year dance and he hadn't got a partner. He had been looking for a girl for that night for two months but he hadn't much luck.

While all the couples were dancing, with the Strauss waltzes, Johann looked for something that would help him to forget his solitude when suddenly he saw a beautiful girl sitting like him in a chair. If that hadn't happened that night, he wouldn't have done it, but it was Christmas and the luck smiled at him.

On balance, I can say that Johann had the best night of his life and under the new year's fireworks, Johann learnt that everything can happen at Christmas time.
